 REMARKS

- 25X1  
 1.  the Gesellschaft fuer Sport und Technik (athletic and technical association) (GST) in Leisnig has not been working since mid-July 1953 and that the Kreis headquarters was on furlough. The deputy headquarters did not work. Radio training which was to be conducted with members of the association could not be realized, as there were no means available to buy the necessary radio equipment. Driving courses had also stopped as the motorcycles available were in want of repair and those still in good condition had to be placed in reserve for the future Kreis championships by order of the Kreis headquarters.<sup>1</sup>

 2. On 4 August, a conference attended by the secretaries of the central district of the GST in East Berlin was held. It resulted in the following orders to the locals of the GST:  
 The locals of the GST have to execute and to render protection to the East-Berlin food relieve program for persons out of work and old people in West-Berlin. The locals of the GST have to organize details for special commitment which, in case of emergency, are to occupy telephone centrals, safes, entrances and exits of the factories. The names of the members of these details must be reported to the GST headquarters. An alert plan has to be prepared for the employment of these details, which will be trained and equipped by the VP.<sup>2</sup>
- 25X1 1.  Comment. These observations should not be generalized. In other Kreises, the GST continued work during the second half of July, however, at a reduced scale.
- 25X1 2.  Comment. An East-Berlin Food Relieve Program is reported for the first time and is believed to be a measure taken in connection with the West-Berlin Food Relieve Program.
